

EVERGREEN TERRACE is a melodic hardcore band from Jacksonville, FL that takes cues from no other. The band transitions effortlessly from fast, powerful heavy hardcore to melodic punk/rock. This has allowed them to tour with a diverse group since their start in late 1999, including Rise Against, As I Lay Dying, Strung Out, Norma Jean, Thursday, Every Time I Die, Hatebreed, Gwar and many others.

EVERGREEN TERRACE has been a band since 1999 and has never depended on anyone or anything else to take them to a certain place or to where they are today. From day one ET took things into their own hands with a serious do-it-yourself attitude. The goal they set has always been as simple as it gets: To have as much fun as possible playing music and to try as hard as they can to not get sucked into this dying world.

This attitude is what Wolfbiker is all about: doing things the way you want to do them. Living your own life. Not letting anyone stop you. And have as much fun as possible doing the things you love. As man kind gives in more and more to pushy advertisers telling them what to wear, what music to listen to, what movies to watch, and what pointless trends to be apart of, ET is building an army of Wolfbikers to go against the grain and will attempt to take this world back by the horns and turn their lives into what they want it to be.

EVERGREEN TERRACE is a band that isn't concerned with gimmicks or current trends, just a band that can guarantee creating music filled with heart, energy, and a lot passion...and isn't afraid to have a shit load of fun in the process!

WHAT IT TAKES TO BE A WOLFBIKER:

In a world full of faceless sheep, human waste, and nine-to-five zombies it's important to remember that you are the one that is in charge of your life. You are capable of anything and everything that you want to do. A Wolfbiker answers to no one, only himself. Don't let anyone tell you how to live your life.
